MARY MAGDALENE
THE SECRETS REVEALED

MARY MAGDALENE THE SECRETS REVEALED

Mary Magdalene, the faithful disciple of Jesus. She is one of the most important female figures in the Bible, resigned for centuries to the role of a repentant prostitute.

According to an ancient tradition she died in France, yet her story began in Magdala, where recent discoveries have revealed unforeseen truths. A journey into the life of the first witness of Resurrection, "the apostle of the Apostles", the one whose strength has brought to light the importance of women in Jesus' life.

A fascinating path to the discovery of the real story of Mary Magdalene, the most misunderstood and slandered figure in Christianity.

In Magdala we will find evidences of her well-off origins: it was the Magdalene, in fact, who supported Jesus and the apostles with her goods, after having been healed from an incurable disease.

Title: Mary Magdalene

Genre: Docufiction

Duration: 1 x 45'

Author and Director: Luca Trovellesi Cesana

Production: Sydonia Production

Language: Ita - Eng
